

General Guidelines

Here are a few key points regarding your iPad use at home and school.

Charge your device every night. It should have 100% charge when you bring it to school each day. An uncharged device means you're not ready to participate in learning.

Discussion. The contents of your device should be accessible to teachers, parent or guardian.

Take care of your device! Always transport your device in your school bag. Take care when placing your bag down. Never leave your device unattended – it's 100% your responsibility.

The use of the device during recess or lunch.

- Elementary students are not to use their device during break times and lunch.
- Middle and high school are limited to second half of lunch.

Personal device use. All visible content must be appropriate to our youngest learners. Violent or inappropriate content is never acceptable at school.

Your teacher(s) and parents may have some additional rules about your device usage. You must adhere to these at all times.
